

ATTENTION MUNICIPALITIES:

To comply with MS4 environmental protection regulations, your municipality may be required to store unused road salt in weather-proof shelters to prevent erosion & runoff.

Cost-Effective Solutions for Your Municipality

ABOUT OUR STRUCTURES:

-  All structures are available with optional Electrical Kits, Lighting, Liners, Oversized Doors, and HVAC.
-  Structures can be erected on virtually any flat surface. No foundations or footings are needed.
-  Lengths can be increased or decreased to accommodate any need. Widths up to 300'.
-  Large inventory available for immediate delivery. Additional quantities and sizes available within two weeks.
-  Nationwide shipping, erection supervisors and Installation teams available.

Our structures are proudly manufactured in New Jersey
